

Megger MIT1025-KIT2

Value Added Kit

Free product with purchase

**Purchase the
Megger MIT1025 Megohmmeter, 10kV
and Receive the following FREE:**

- REED R2050 Thermal imaging camera

BUY THIS:

Megger MIT1025 Megohmmeter, 10kV

- Power Supply: Line Power, Rechargeable
- Test Voltage: 10kV, 5kV, 2.5kV, 1kV, 500V / 10V steps 100V to 2.5kV / 25V steps 2.5kV to max test voltage
- Automatic step voltage with programmable step and dwell times
 - three profiles can be stored, each with up to five steps
- Programmable temperature compensation of resistance readings
- Automatic calculation of DAR, PI and DD values

GET THIS FREE:

REED R2050 Thermal Imaging Camera (80 x 80)

- Infrared resolution of 80 x 80 (6400 pixels)
- High thermal sensitivity (NETD) of $<0.1^{\circ}\text{C}$ @ $+30^{\circ}\text{C}$ ($+86^{\circ}\text{F}$) / 100mK
- 2.8" colour 240 x 320 pixel LCD display
- Built-in visible light 5 Megapixel digital camera
- 32X continuous digital zoom
- Automatic hot/cold spot indicator
- Image Frequency: 50Hz
